.

CAREER OBJECTIVES –

I'm always for new ventures where I can apply my skills, learn and enhance personal knowledge.

EDUCATION –

B. Tech in Computer Science Engineering Betul

Govt - Excellence Higher secondary school multai 2021.

Overall percentage -75.5%

PERSONAL PROJECT

UsabilityHub :

UsabilityHub is a remote testing platform.

Project Title: **UsabilityHub Website**

Description:

Independently designed and developed a fully functional website emulating a usability hub platform using HTML and CSS.

Key Responsibilities and Achievements:

- Conceptualized and designed the user interface to prioritize usability and intuitive navigation.
- Implemented responsive web design principles to ensure seamless functionality across various devices and screen sizes.
- Integrated interactive features such as feedback forms and user surveys using HTML forms and CSS styling.
- Employed CSS animations and transitions to enhance user engagement and visual appeal.
- Continuously iterated on design and functionality based on personal feedback and testing.

Technologies Used:

HTML

CSS
